MESSAGE

For over six decades, the University Business School, Panjab University, Chandigarh, has been counted among the leading centres of management education in India. It was founded as the Department of Commerce and Business Management in 1962 and was rechristened University Business School in 1995. That rechristening recognised its growth from a department into a School of Thought, an institution with a character and an intellectual identity of its own. Our approach to management education is built on an integrative value system, one shaped by a sense of duty, a humane outlook and a scientific temper. We do not seek merely to train managers; we seek to develop complete professionals of sound judgement, original thinking and firm conscience. Our faculty, trained in India and abroad, has earned recognition in both industry and academia, and it is this faculty that carries our philosophy into every classroom.

The School offers five two-year, full-time programmes: **MBA, MBA (Business Data Analytics), MBA (Entrepreneurship), MBA (Human Resource) and MBA (International Business).** The MBA (Business Data Analytics), introduced in the session 2025-26, answers the growing importance of data, artificial intelligence and analytical skill in the modern workplace. Across all five programmes, our syllabi and teaching material are reviewed and renewed regularly, and courses such as Digital Marketing, Data Analytics, Corporate Social Responsibility, Integrating E-Systems and Global Information Systems reflect that commitment to remaining current.

Learning at UBS extends well beyond the lecture hall. Senior executives from industry teach regularly at the School, and distinguished management professionals are invited to address our students. Every student completes an six to eight week summer training at the end of the first year, followed in the final year by a research project drawn from a real industry problem. In this way, what is studied in class is continually tested against the demands of practice. Our Placement Cell is vibrant and run largely by the students themselves, and our alumni occupy positions of responsibility in organisations across India and abroad.

To choose UBS is to enter a demanding academic tradition and a centre of research recognised by the University Grants Commission. It is also to join a community that asks of every member the highest standards of integrity, honesty, commitment and empathy.

I extend my warmest wishes to all UBS aspirants.
